There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. MISSIONARY CANVASS.

Visitation of All Homes of the County To Be Made By Sunday School Association.

The Marshall County Sunday School Association has planned a canvass of the entire county by volunteers from all the schools in the interest of the Sunday schools and churches of the county. The plan is for a house-to-house visitation by parties going in twos and each couple covering an assigned district. Fifty people have been asked from the various Sunday schools to make the visitation in Plymouth, and in the country the territory will be divided up into school districts. Each township president will have the care of his own township. The visitation is to be made September 12.

The work is not to be a census, but a missionary visit of good cheer and an invitation to every home to attend some place of worship and some Sunday school. The Sunday School Association is entirely undenominational and its desire is that each family should be represented in the Sunday school of its choice. Cards will be taken by the canvassers, to be filled out by them, and when the pupils are assembled and tabulated they will furnish definite information of much value to Sunday school workers.

Israel Shafer.

Israel Shafer, a prominent farmer, living about six miles northwest of Argos died at his home Sunday September 3, at about 6:00 p. m. Mr. Shafer was a victim of Bright's disease, and died after an extended illness. He was 68 years, 11 months and 20 days old, and has resided in Marshall county for the past 55 years. He leaves a wife, three children and nineteen grandchildren besides a host of friends.

The funeral was held Tuesday afternoon at the Christian church, at Argos, and burial was made in Maple Grove cemetery.

COL. A. F. FLEET DIES AT SON'S IN ATLANTA

NOTED MARSHALL COUNTY EDUCATOR SUCCEUMS AFTER LONG ILLNESS AT AGE OF 68.

WORK AT ACADEMY

His Genius Made It the Great Institution It Became—History Of Notable Man.

Culver, Ind., Sept. 4.—(Special) Col. Alexander Frederick Fleet, a noted classical scholar and educator, who was for eleven years professor of Greek in the University of Missouri and four fourteen years superintendent of the Culver Military Academy in Indiana, is dead at the home of his son in Atlanta, Ga. Col. Fleet was born in Virginia in 1843, and after being graduated from the University of Virginia entered the Confederate army, in which he served from 1861 to 1865, rising to the grade of adjutant general in the brigade of Gen. H. A. Wise at the time of the surrender of Appomattox. After the war he went into educational work in Missouri, where he occupied the chair of Greek in William Jewell College and in the University of Missouri. He was also president for six years of the Lexington Female college.

Founded Military Academy In 1890 he founded the Missouri Military Academy at Mexico, Mo., and continued at its head until it was destroyed by fire in 1896. Following that event he was called to the superintendency of the Culver Military Academy. To his administrative ability is largely due the growth and prominence of this Indiana institution. A year ago failing health made necessary the giving up of active work, and he was retired as superintendent emeritus and was succeeded by the present superintendent, Col. L. R. Gignilliat.

Col. Fleet was for several years a member of the managing board of the American School of Classical Studies in Athens and was a member of the "committee of ten" of the National Educational Association in 1894. He was a governor of the Society of Colonial Wars, historian of the Sons of the Revolution and a founder of the Order of Runnymede.

New Officers Chosen For Next Year—The Board of Control Represents Association Each Township.

The Marshall County Detective Association met Saturday in the Macabee hall in Plymouth and elected officers for the year, as follows:

President—Joseph Boggs of Center; Vice-president—Ira Garn of Plymouth; Secretary—Eli Freese of West township.

Board of Control. German, Wm. Cochran; North, Robt. Schroeder; Polk, Dan Keibert; West, Chas. Keibert; Center, D. J. Van Vactor; Bourbon, L. M. Henderson; Tippecanoe, Fred Beears; Walnut, A. J. Thomas; Green, Horace Boggs.

The report of C. E. Crompton, the retiring secretary, showed the Association to be in good condition. There has not been a horse stolen from members of this Association since 1906. The cost to the members shows that the protection afforded has been a very cheap insurance against theft. The immunity of the Association members comes about, perhaps, from the fact that there is a balance in the treasury of \$551.24 with which to chase, catch and prosecute horse thieves. The membership is now 375, and it is the determination to push it up to 1000, which will make both membership and prosecution funds so big that no to fool around Marshall county horses.

NOTICE OF SALE

Notice is hereby given that Rev. J. Tremmel, pastor of St. Michael's congregation, invites sealed bids for the purchase of the building known as St. Joseph's hall, located immediately south of the new Catholic church, in the city of Plymouth. Terms—cash. All bids must be filed with Prosper A. Ball, at Ball & Co's store, not later than 1 o'clock p. m. Saturday, September 23, 1911. Each bidder must file with his bid a check covering ten per cent of the full amount of his bid, which will be returned in the event of the non-acceptance of bid. Possession of building given October 9, 1911, and must be removed by November 10, 1911. The right is reserved to reject any and all bids.

Signed—Prosper A. Ball, Trustee. w 7-14-21

A Problem.

Mr. Prosperous Farmer uses two tons Calumet Fertilizer on wheat. It cost him the price of three (3) bushels per acre.

His gain was eight (8) bushels per acre more than joining fields with no fertilizer.

Also, he has a fine stand of clover on every acre fertilized and none on unfertilized fields.

Does it pay him to use fertilizer? Mr. Prosperous Farmer is no fable or fake, but a live man with red blood, lives in Marshall county. He uses four tons this fall instead of two.

Forbes sells Fertilizer.

The Constant Dropping of the Water will Wear the Stone Away.

The system of saving the dimes will also take the frown away.—Merchant, you look to your interest in clerk hire, in rental of building for business, and many other expenditures which might here be named,—you look to it from an economic view point, why not pay dividends to yourself instead of to a corporation?

You can as well have one-half of your lighting expense in your pocket at the end of the year, as for the corporation to have it. Your place can be as well lighted as it is now for 50c on the dollar, this saving will in most cases install the individual system the first year, then you are your own boss on lights.

THE F. P. LIGHTING PLANT WILL DO ALL THIS, and a thirty day trial will verify our statement, try it.
